Permit Conditions

Initial Permit Approval: This is an application for a permit to erect a sign under s.84.30, Wis. Stats. and TRANS 201, Wis. Adm. Code. This permit authorizes installation and maintenance of the specific advertising or informative display described at the precise location defined. This permit expires one year after its issuance date if the sign is not erected by that time, unless otherwise provided by rule.

Application Fees and Compliance: A non-refundable permit application fee of \$175 must be submitted with this application, in accordance with TRANS 201.07, Wis. Adm. Code. All applicants are encouraged to confirm that the proposed sign will comply with all of the regulations, laws, and codes described below before submitting an application. When multiple or conflicting controls exist in relation to any aspect of the sign, its structure, or its location, the more restrictive regulations shall apply. The permittee shall comply with all of the following:

- s.84.30, Wis. Stats. and TRANS 201, Wis. Adm. Code as amended from time to time.
- All other state laws and regulations.
- All federal laws and regulations.
- All local laws and regulations including, but not limited to, local zoning or outdoor advertising control ordinances.

Issuance of a permit by the Department does not relieve the applicant from obtaining all other permits required by law from any other state or federal agency, county, or municipality.

Permit Renewals: Most signs are subject to an annual permit fee of \$35. Signs exempt from this requirement are listed in TRANS 201.035(9), Wis. Adm. Code. This permit shall expire upon the due date for payment unless the annual fee for the sign has been paid. Signs with expired permits are subject to removal.

Directional Signs: If this application is for a "directional sign" as defined in TRANS 201.05, Wis. Adm. Code, the sign is permitted only so long as the activity described in the application is the only activity displayed on the sign. This permit shall be revoked upon a change of message on the sign to advertise any activity other than the activity described in this permit application. A new permit application is required to make a message change. TRANS 201.08(3)(b), Wis. Adm. Code. The annual fee for a sign in this category is \$50.

Agricultural Test Plot Signs: If this application is for an agricultural test plot area, the signs in the test plot area must be removed within seven days after harvest of the test plot crop, but no later than November 1 of that year. TRANS 201.18, Wis. Adm. Code.

Transfer of Ownership: The new sign owner shall accept all the terms and conditions of this permit. The permittee is responsible for notifying the Department promptly of a change in sign ownership per TRANS 201.035(3), Wis. Adm. Code and for assuring that the new owner is aware of the terms and conditions of this permit.

Enforcement and Penalties: A person who erects or maintains any sign, sign structure, or other object for outdoor advertising subject to the provisions of s.84.30, Wis. Stats. and TRANS 201, Wis. Adm. Code without complying with those regulations is liable for a civil penalty. A person who misrepresents information in a permit form is guilty of a misdemeanor. A sign erected or maintained under a permit falsely obtained shall be deemed to be illegal and will be removed without compensation.

Permit Restrictions

Alteration of Vegetation: This permit does not authorize the alteration of vegetation, including without limitation, trimming, pruning, relocating, removing, cutting, chemically treating, destroying, or damaging any vegetation. Altering vegetation within a right of way without consent of the Director of the Bureau of Highway Operations of the Department of Transportation and any other person owning an interest in the vegetation is grounds for immediate revocation of the permit for any sign visible from the area in which the vegetation was altered, as well as criminal or civil prosecution. Altering vegetation outside the right of way without the consent of the landowner may result in criminal or civil prosecution.

Access to Sign Site: No person shall access a sign or sign site from a travel lane, interchange ramp, or right of way of an interstate highway, freeway, or other controlled access highway. Illegal access to a sign or sign site is grounds for permit revocation and removal of the sign.

Use of Right of Way: s.86.07(2) Wis. Stats. requires a permit for any work on or use of State Trunk Highway (STH) right of way. No portion of STH right of way may be used to construct, maintain, or repair a sign unless prior approval in the form of a separate permit is obtained from the department.
