The Livestock Facility Permit is Required because:

Please check which of the following apply....

A new livestock facility with 10 to 299 animal units shall be considered a permitted use subject, however, only to the requirement that the livestock facility immediately comply with the Agriculture Performance Standards and Prohibitions as specified in Subchapter II of s. NR151. None of the setback limitations imposed under Section 15.08 (2) shall apply to livestock facilities with less than 299 animal units. **OR**

An expansion of an existing livestock facility of 10 to 299 animal units shall be considered a permitted use subject, however, only to the requirement that the expanded portion of the livestock facility immediately comply with the Agriculture Performance Standards and Prohibitions contained within Subchapter II of s. NR151. **OR**

A new livestock facility of 300 - 999 animal units shall be considered a conditional use and shall require a conditional use permit. The livestock facility shall immediately comply with the Agriculture Performance Standards and Prohibitions contained within Subchapter II of s. NR151 and the permit application and compliance requirements of s. ATCP51.30. A public hearing shall be required. **OR**

An expansion of an existing livestock facility of less than 300 animal units that shall be at least 300 animal units as a result of the expansion. This expansion shall be considered a conditional use and shall require a conditional use permit. A public hearing may be required. The livestock facility shall immediately comply with the Agriculture Performance Standards and Prohibitions contained within Subchapter II of s. NR151 and the permit application and compliance requirements of s. ATCP51.30. **OR**

An expansion of less than twenty (20) percent of an existing livestock facility of 300 to 999 animal units shall be considered a permitted use subject, however, only to the requirement that the expanded portion of the livestock facility immediately comply with the Agriculture Performance Standards and Prohibitions contained within Subchapter II of s. NR151. **OR**

An expansion of at least twenty (20) percent of an existing livestock facility of at least 300 animal units but less than 1000 animal units following expansion. This expansion shall be considered a conditional use and shall require a conditional use permit. A public hearing may be required. The livestock facility shall immediately comply with the Agriculture Performance Standards and Prohibitions contained within Subchapter II of s. NR151 and the permit application and compliance requirements of s. ATCP51.30. **OR**

A livestock facility containing 1,000 or more animal units shall be considered a conditional use and shall require a conditional use permit. A Wisconsin Pollution Discharge Elimination System (WPDES) Permit shall be obtained from the Wisconsin Department of Natural Resources and shall be attached to the permit application. A public hearing shall be required.
